

POLYBRIGHT NEWSLETTER N°1

February 2012

Dear all,

We are glad to send you the first PolyBright Newsletter informing about the latest project achievements and activities.

The European Project [PolyBright](#) „Extending the process limits of laser polymer welding with high-brilliance beam sources“ has started on 1.10.2009 and is now running for more than two years.

Please find here the

▶ [Latest public project results & highlights](#)

In the frame of the [AKL International Laser Technology Congress 2012](#), Polybright organizes a public workshop to which we would like to invite you:

▶ [Perspectives of Polymer Welding with Lasers](#)

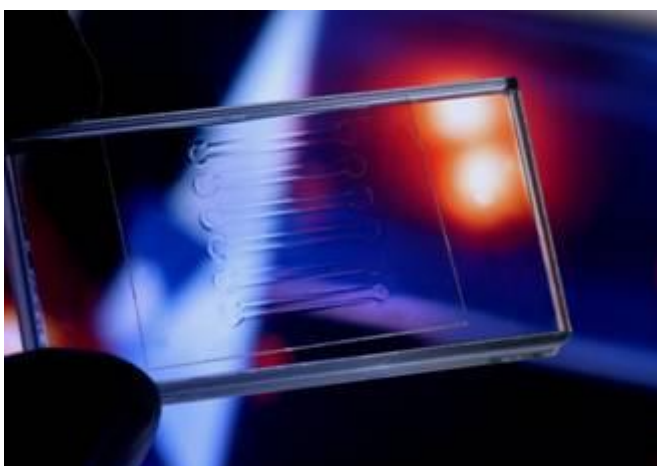

Date: May 9, 2012

Location : Aachen, Germany

To participate you may fill in the [AKL registration form](#).

Feel free to forward this information to any of your colleagues who might be interested. Thanks!

If you have any questions you can contact us on: polybright-info@eurtd.com

Laser welded transparent PMMA polymer without IR absorber
